Dear Ms. Quintana,

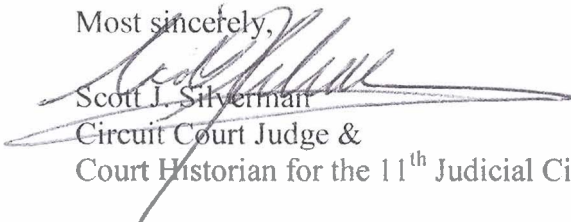

With the exception of the "punch list," the Historic Courtroom Restoration Project is completed. The project was akin to a five act play with each act lasting a year. The play had many parts and the casting was without equal. Your participation in the project was essential to its triumphant outcome. Without your dedication and professionalism, its success would have been unlikely.

Our community now has a courtroom of which it can be exceptionally proud. You have created an historic gem in the center of downtown Miami that will last for generations to come. In an entire life, very few people can legitimately claim to have had a lasting impact on their community. You have now earned the right.

While the Dade County Courthouse stands, you will stand. When your great grandchildren visit the courthouse, they will see who you were and what you did for them and your community. Your tireless work has not only restored a courtroom, but it has restored place of justice.

Thank you. It was an honor to work with you.

Most sincerely,

Scott J. Silverman
